**Our commitment to a secure Canada
is as strong as ever.**

At Northrop Grumman, we're proud of our 45-year association with Canadian defence. We are committed to Canada, and we're demonstrating that in many ways. That commitment spans land, air, and sea, including G/ATOR, TPS-78, LAIRCM, SPQ-9B, and CEFAR. Northrop Grumman believes that our partnership with Canada is vital. Both America and Canada benefit. Because not only do we share a border, we share a commitment to security.
